

PRESIDENT

DANIEL WINNEY

#LEADYOURDSU

demontfortstudents.com/elections

In the last 7 months as your Vice President Student Activities I have proven that I can deliver on all of the promises I made 12 months ago.

Under my leadership:

- **There are more people involved in Sports Teams, Societies and DSU Volunteering than ever before.**
- **There has been added investment in extra-curricular activities of over £2.5 million pounds and rising.**
- **I listened to YOUR comments by implementing a FREE recreational sports programme.**

I have developed a strong network within the University but have also proven that I am not afraid to lobby them when needed. For instance, the purchase of the Watershed for our societies and discounted memberships from the QEII Gym.

However, it is the time that I have spent working on the #DSURevamp which is why I want to lead your Union during its most important year to date; a year that is vital to the long-term success of the organisation.

As your DSU President, I WILL:

- **Continue to oversee the #DSURevamp and turn DSU into the vibrant, heart of campus it should be 7 days a week.**
- **Lead the 6-month decant, which will include planning for a challenging Freshers' Week.**
- **Continue my work on re-branding the whole of DSU. With a new building, there needs to be a fresh, modern image which is student friendly.**
- **Evaluate the staff structure within DSU. Expand certain departments with student staff who will add value to the organisation. This needs to be OUR Union ran by OUR students.**
- **Strive to increase facilities for our Sports Teams and Societies.**
- **Build a more transparent Union; accountability is a must.**

I am an extremely motivated, highly passionate individual who will go to extreme lengths to ensure that this Students' Union becomes sector leading.
